

Oxbo 330/334

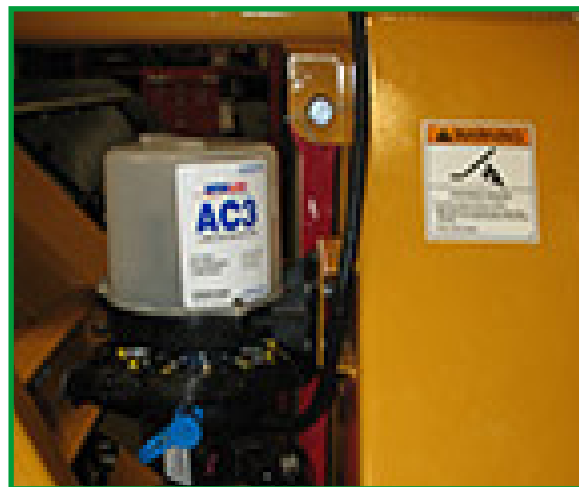

67208: Auto-Lube Kit

In a continuing effort to offer the most effective and innovative products, Oxbo is introducing an Auto-Lube Kit (part number 67208) for 330 and 334 mergers.

Advantages

- Eliminates the need for manual greasing; saving approximately 30 minutes per machine
- Different size injectors for each chassis component ensure the proper lubrication amount to each of the 36 points in the system
- Proper grease on the machine components will provide less wear and tear
- Save money in the long run with fewer breakdowns and reduced downtime

*Please note the driveline will require manual greasing.

Oxbo is also offering kit 69089 which includes an assortment of spare fittings for the Auto-lube system.
