

Helper Rods Assembly (Small)

Part Number: 120842

New small helper rods extend the use of the trunk shaker picking head. The helper rods are quick to install and easy to adjust to increase fruit removal in some trellis systems. Once installed, the small helper rod can be adjusted up and down and also right and left to customize the position based on your fruit removal needs.

Full Assembly Includes:

- Left & Right Rod Holders
- Two Rods
- Hardware for installation

Small Helper Rods Installed In a Standard Oxbo Trunk Shaker

Rod Correctly Mounted in a Standard Oxbo Trunk Shaker.
