

Front Cane/Branch Lifters

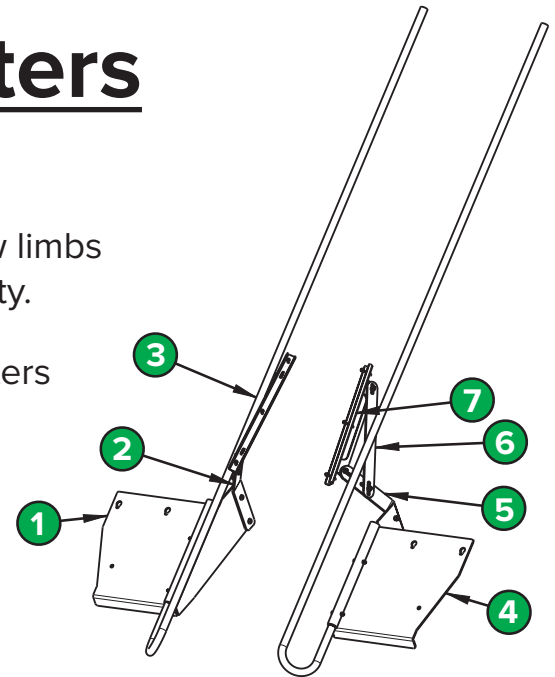

Kit Numbers: 164950 & 166730

New front cane lifters were designed to gently direct low limbs up into the picking system, increasing picking productivity.

Not recommended for fields with cross arm trellising. Lifters can be installed or removed during the season.

For Oxbo 8000, 8040 & 8140's, order Kit No. 164950

For Oxbo 7420 & 7440's, order Kit No. 166730
